Student Spotlight **Regina Marie Dicken**

Daughter of Rob and Christa Dicken

Regina says that her mom has shown her that it's ok to express yourself and to let your personality shine. She helps her to feel capable of doing hard things.

Mrs. Black has also helped her to love math. She has inspired her to try hard to get good grades.

Some favorites: volleyball, PVCA spicy chicken sandwiches, Kyle and the highlighter, Ocean City, Maryland.

Favorite saying: You have to be odd to be number 1.

Wise piece of advice: Don't sell yourself short.

You're capable of more than you think.

Within the next ten years she would like to graduate from nursing school, get married and start a family.

Favorite Scripture

Ezekiel 22:30

From Peers

Smart, my favorite peer in math class, short, sassy, compulsive, emotional counseling sessions in Science, has many different emotions, plays the piano really well, hyperactive mind, loud & expressive, very pretty

From Faculty

Friendly, talented, emotional, musical, sweet, kind, beautiful smile, energetic, likes to eat breakfast at her locker, not a morning person

Looking Ahead

March 21-28
School Spirit Emphasis

March 21
Art Show 7:00 p.m.

March 27
Spring Portraits

March 30
Elementary Music Program

March 31
