Student Spotlight Meagan Leigh Byers

(Daughter of Thomas and Jessica Byers)

Meagan feels like her mother has been a good influence in her life. She gives her good advice. Her dad and grandfather have taught her how to work.

She appreciates that Mrs. Black talks about life with her.

There have been so many times with funny moments at school.

Some favorites: US History, volleyball, Iowa 80 World's Largest Truck Stop.

She plays the piano and violin.

Wise piece of advice: Work hard and do your best!

Favorite saying: If you want a stable relationship buy a horse!

Meagan would like to pursue a career in Equine Massage Therapy and training horses.

Something interesting about Meagan is that she works on engines. Her first one to work on was a CAT C-15.

Within the next 10 years she would like to buy land and a herd of beef cows, and keep working with horses.

From Peers

Quiet, loves horses, fit, funny, not afraid to disagree with something, good at volleyball, feisty, always says "folks", very sassy, makes fun of people who can't wink!

From Faculty

Friendly, can be quiet—can be noisy, into horses, quiet, sweet smile, gentle, sassy, funny, loves horses, hard working, reserved, creative, preceptive, opinionated, not a morning person, horse lady.

At the
Scott & Heather Hartman home

PVCA would like to thank the PTF for their recent contributions and support. In the past month PTF has donated 2 poly vinyl picnic tables for MS & HS use. They helped to fund All State Band for several students. They helped to acquire a bounce house and an inflatable obstacle course.

Don't forget to support PTF's biggest fundraiser of the year—the indoor yard sale on March 9. See any PTF member for ?'s on donations or to volunteer to help out.

Students and Staff are grateful for the Moms In Prayer Group that meet to uphold the school in prayer and for the tangible ways PTF supports the school!
